

All-Russian science-to-practice conference

New Image of Social Law: Practices in the Russian Federation and the European Union

The conference will be devoted to the theoretical aspects and main trends in the development of social law and social state in the Russian Federation and in the European Union. Both international legal and constitutional aspects of the implementation of social rights of citizens in modern conditions will be considered. Particular attention will be paid to the key areas of social law in the context of modern political and economic challenges.

20 May 2022
